

## C O N T E N T S

<b>Foreword</b> .....	11
<b>Preface</b> .....	13
<b>1. Angi Ecaterina, Bogdan Dorina, Polonyi Iolanda</b> (Bucure <sup>o</sup> ti, Roumania) : Researches upon trace elements metabolic profile of some reproductive bulls .....	15
<b>2. Bedrosian Ed., Gârban Z., Stupariu Al., Pârvu D., Urzicã A., Gãzdoiu <sup>at</sup>.</b> (Timi <sup>o</sup> oara, Roumania): Peculiarities of the metallic composition of the seminal material and some biomedical implications .....	19
<b>3. Benga Ileana, Benga Gh.</b> (Cluj-Napoca, Roumania): Determination of Mg, Cu and Zn in the blood and cerebrospinal fluid of epileptic children .....	23
<b>4. Bobcova Svetlana, Turta C., Rotari Yu., Lisii L.</b> (Chi <sup>o</sup> inãu, Moldavia) : Moessbauer study of rat's blood ferroproteines affected by external mechanical stress action .....	27
<b>5. Bogdan Dorina, Bogdan A.T., Angi Ecaterina</b> (Bucure <sup>o</sup> ti, Roumania): Biostimulation of semen production by supplementary trace elements fed in reproductive bulls diet .....	31
<b>6. Botea Simona, Mocanu Mihaela, Burtea Carmen, Gatina Ruxandra, Chiriþã Adina, Grosescu R.</b> (Bucure <sup>o</sup> ti, Roumania) : The use of nuclear magnetic resonance tehniqe for the determination of the sodium level in the tumors induced by benzo(a)pyrene in the animals treated with steroid hormones .....	35
<b>7. Brad I., Cojocaru V., Iordache Ioana Luminiþa</b> (Craiova, Roumania) : The content of micro- and inframicroelements in the ash of fruits and stalks of Hyppophae Rhamnoides (Seathorn) .....	39
<b>8. Brad I., Pop L., Cojocaru V., Iordache Ioana Luminiþa</b> (Craiova, Roumania) : The content of metal elements in sandy soil of south Oltenia (normal and decoverty) analysed through neutron activation .....	41
<b>9. Bulgac I., Jovmir F., Turta C., Spataru F., <sup>a</sup>ofransky V.</b> (Chi <sup>o</sup> inãu, Moldova): The heteronuclear carboxylates of d-elements with biological active ligands. Synthesis, structure and properties .....	43
<b>10. Butnaru Gallia, Gergen I.</b> (Timi <sup>o</sup> oara, Roumania): Al <sup>3+</sup> effect towards NO <sub>3</sub> <sup>-</sup> assimilation in different cultivated cereals .....	47
<b>11. Cãpriþã Rodica, Cãpriþã A., Contrea A.</b> (Timi <sup>o</sup> oara, Roumania) : Metal binding and catalytic activity in bovin carbonic anhydrase .....	51
<b>12. Chi<sup>o</sup>u Iuliana, Olariu Lucia, Comlo<sup>o</sup>an G.</b> (Timi <sup>o</sup> oara, Roumania): Calcemia, magneseemia and phosphoremia in leucotic cows .....	55
<b>13. Chi<sup>o</sup>u Iuliana, Olariu Lucia, Comlo<sup>o</sup>an G., Stana Letiþia</b> (Timi <sup>o</sup> oara, Roumania) : Variation concerning sideremy, transferrin and blood catalase amount, in leucotic cows .....	57
<b>14. Chi<sup>o</sup>u Iuliana, Trif Alexandra, Olariu Lucia</b> (Timi <sup>o</sup> oara, Roumania): Organs iron distribution in rabbits receiving magnetic fluids .....	61
<b>15. Contrea A., Bencsik I., Onaga C., Balmo<sup>o</sup> I., Contrea M.</b> (Timi <sup>o</sup> oara,	

Roumania): Distribution of trace minerals in body, blood serum, bone feathers and dejections in duckbroilers following nutrition with trace minerals chelated with polyphosphatic ligands .....	65
<b>16. Curcã D.</b> (Bucureşti, Roumania): The use of "Microsol" - an original product based on trace elements - in controlling the retardation of growth and anaemia in piglets bred in industrial systems .....	69
<b>17. Curcã D.</b> (Bucureşti, Roumania): Calcium and zinc plasma blood concentrations in hypothreptic and parakeratotic piglets .....	73
<b>18. Daranyi Gabriela, Drăgan P., Bucura V., Matusz Anca, Papoe Gabriela, Martony Livia, Urzică A., Gârban Z.</b> (Timișoara, Roumania): Investigations on the composition and etiopathogeny of lithiasis XVI. Metallic composition of cystinic uroconcrements .....	77
<b>19. Doroftei Sorina, Moise Gh., Pavkov Lucreția, Bușiu I., Kardos T., Radovan Maria, Tîlvan Vasilica, Tîlvan I.</b> (Timișoara, Roumania): Influence of the systemic toxic and cancerigenic pollutants on the health state of the exposed population .....	81
<b>20. Drăgan P., Gârban Z., Miclea F., Holban A.</b> (Timișoara, Roumania): Investigations on the composition and etiopathogeny of lithiasis XVII. Metallic bioelements implicated in molecular pathology .....	85
<b>21. Drăgan P., Daranyi Gabriela, Bucura V., Agapie D., Botoca M., Patroi-Popescu Delia, Holban Nina, Gârban Z.</b> (Timișoara, Roumania): Investigations on the composition and etiopathogeny of lithiasis XVIII. Dyshomeostasy of some alkaline and alkaline-earth metals in pre-, post-surgical and ESWL treatment of urolithiasis .....	91
<b>22. Galbács M.Z., Galbács G.</b> (Szeged, Hungary): Use of the $Mg(OH)_2$ method for reduction of the arsenic content of drinking water .....	95
<b>23. Gârban Z.</b> (Timișoara, Roumania): Homeorhesis in materno-fetal complex: the action of $Zn^{2+}$ and $Cu^{2+}$ ions on deoxiribonucleic acid biosynthesis .....	99
<b>24. Gârban Z.</b> (Timișoara, Roumania): Improvement of a biochemical investigation methodology for food additives which contain metals and some metallic compounds .....	103
<b>25. Gârban Z., Paraschivoiu R., Borza Rodica, Roncov Fr., Jurebie Livia, Vincu Mirela, Boc Dana, Domnișeanu Camelia</b> (Timișoara, Roumania): Food additives with metal content in the countries of the European Economical Community .....	107
<b>26. Gergen I., Gâtlan Doina, Avacovici Adina</b> (Timișoara, Roumania): Molybdenum complex capable to reduce in vitro $NO_3^-$ to $NO_2^-$ .....	111
<b>27. Ghergariu S., Roca R., Mezei Elisabeta, Toth E.</b> (Cluj-Napoca, Roumania): Comparative epidemiology in an area with endemic goiter in humans and in animals .....	113
<b>28. Glas K., Orlovius K.</b> (Kassel, Germany): Effect of magnesium fertilization on yield and quality of sugar beet in Germany .....	117
<b>29. Goian M., Janos Gh.</b> (Timișoara, Roumania): Heavy metals in the soils of western Romania .....	121
<b>30. Grzebicz W.</b> (Poznan, Poland): Forms of copper in soils near a copper smelter .....	125
<b>31. Haiduc I., Socaciu Carmen, Bara Adela, Silvestru C.</b> (Cluj-Napoca, Roumania): Antitumor organo-metallics. In vitro effects of some diphenylantimony (III) Dithiophosphorus derivatives against lymphocytes and Ehrlich ascites tumor cells .....	129

<b>32. Halpern M.J.</b> (Monte de Caparica, Portugal): Magnesium physiopathology .....	133
<b>33. Janos Gh., Gergen I., Gogoia I.</b> (Timi <sup>o</sup> ara, Roumania): Distribution of the bioactive trace elements in Banat soils .....	137
<b>34. Kiss A. S.</b> (Szeged, Hungary): Enzyme activation by magnesium, the effect of calcium and mangan for this activation .....	141
<b>35. Kiss A. S., Csikkel-Szolnoki Anna</b> (Szeged, Hungary): Aluminium as toxic element for plants and human organism .....	145
<b>36. Lăcătu<sup>o</sup> R., Rău<sup>p</sup>ă C., Ghelase Ileana, Cârstea<sup>at</sup>., Kovacovics Beatrice</b> (Bucure <sup>o</sup> ti, Roumania): Abundance of heavy metals in the soil-plant systems strongly changed by man .....	149
<b>37. Lungu Gr., Daranyi Gabriela</b> (Timi <sup>o</sup> ara, Roumania): Endocrino-metabolic consequences of the calcium deficiency in man's diet .....	153
<b>38. Mandici Ljuba, Maksimovici R., Djurjic Vidosava</b> (Belgrade, Yugoslavia): Nag-early sensitive parameter of mercury nephrotoxicity .....	157
<b>39. Nechifor M., Dănilă Gh., Neughebauer B., Dobrescu G., Adomnicăi M., Costuleanu M., Teslaru E., Antonescu C., Negru A.</b> (Ia <sup>o</sup> i, Roumania): The influence of zinc acexamate on experimental gastric ulcer in rats .....	159
<b>40. Nechifor M., Rusu V., Neughebauer B., Mărgineanu A., Costuleanu M., Filip C., Teslaru E., Negru A.</b> (Ia <sup>o</sup> i, Roumania): Plasmatic level of PGI <sub>2</sub> , PGF <sub>2a</sub> , insulin and estradiol... ..	163
<b>41. Pais I.</b> (Budapest, Hungary): New evaluation of the physiological role of trace elements .....	165
<b>42. Papadopol Victoria, Palamaru Iliana, Tcaciuc Carmen, Laszlo Sofia, Tuchendrea Eugenia, Neculce Alexandrina, Săpunaru Elena, Damian Otilia, Adam Cristina</b> (Ia <sup>o</sup> i, Roumania): Study of Zn status in a group of elderly men .....	171
<b>43. Pădeanu I., Bura M., Avacovici Adina, Acatincăi S., Czisster L., Calinovici Silvia Maria, Cove<sup>o</sup>dean Elisabeta</b> (Timi <sup>o</sup> ara, Roumania): The influence of some chelated metals on the bees' viability .....	175
<b>44. Potkonjak Biljana, Bulat P., Djujici Ivana</b> (Belgrade, Yugoslavia): Oxidative changes in the blood of workers in aluminium production .....	179
<b>45. Pop Adelina, Sumalan R.</b> (Timi <sup>o</sup> ara, Roumania): Contributions to the study of mineral nutrition characteristic of some halophile ecoforms .....	183
<b>46. Raica Alice, Popa I., Berinde Liliana, Muscoi M.</b> (Timi <sup>o</sup> ara, Roumania): The relationship between hypomagnesiemia and mitral valve prolapse in children .....	187
<b>47. Repanovici Rodica, Iliescu Rodica, Popa L.M.</b> (Bucure <sup>o</sup> ti, Roumania): The effect of some complex derivatives with metallic ions on the transformation and transfection processes... ..	189
<b>48. Rietz B., Heydron K., Krarup-Hansen A.</b> (Roskilde, Denmark): The determination of platinum content in human neural and muscle tissue by means of neutron activation analysis .....	193
<b>49. Rivi<sup>o</sup> I.A., Vălculescu C., Gârban Z., Neam<sup>pu</sup> Lucia, Nicolescu C., Branea H., Coceală Liana, Avacovici Adina</b> (Timi <sup>o</sup> ara, Roumania): Implication of metal elements in the cardiovascular pathology .....	197

<b>50. Roman L.</b> (Cluj-Napoca, Roumania): Some actual aspects of metal trace analysis	201
<b>51. Roman L., Florean Eugenia, Săndulescu R., Mirel S.</b> (Cluj-Napoca, Roumania) : Preconcentration of Pb (II) with a 2-mercapto-5-phenylamino-1,3,4-thiadiazole loaded silicagel.....	205
<b>52. Sabău I., Cristoi Lucreția, Mălai Anca, Milanovici Elisabeta, Popa Nina, Reimer Liliana, Civic Claudia</b> (Timișoara, Roumania): Aspects regarding diselectrolitemy in severe children enteritis .....	209
<b>53. Sabău I., Micle Ioana, Nedici Monica</b> (Timișoara, Roumania) : Etiopathogenic and clinico-biologic considerations of the adrenocortical insufficiency in newborn .....	213
<b>54. Sabău I., Vilics Doina, Boieriu Estera, Babău Zinuca, Vlăduceanu Doina</b> (Timișoara, Roumania): The variation of Na, K, Ca, Mg in the active period and in the resolution of nephrotic syndrome .....	215
<b>55. Schneider Fr., Mederle Claudia, Maties Rosana, Mihala° Gh.I.</b> (Timișoara, Roumania) : Lithium compound influence of contention stress by rats .....	219
<b>56. °ofransky V., Bulgac I., Turta C.</b> (Chișinău, Moldavia): The perspective using of cobalt, iron, a-dioximates in human and veterinary medicine .....	223
<b>57. °erban M., Ionescu Emanuela</b> (București, Roumania): Purification and characterisation of glycylglycin dipeptidase by metal chelate affinity chromatography .....	227
<b>58. Taylor A., Kilpatrick H.</b> (Surrey, England): Measurement of tellurium in environ- mental and biological samples by hybride generation atomic absorption spectrometry ...	231
<b>59. Toth L., Varga T., Iuhasz M., Csikkel-Szolnoki Anna, Behany Z., Meszaros T., Nemcsok J.</b> (Szeged, Hungary): Cadmium induced metallothionein in carp .....	235
<b>60. Trif Alexandra, Curtui V., Marcu A., Pârvu D., Bica Doina</b> (Timișoara, Roumania): Preliminary researches regarding the utilisation of magnetic fluids (M.F.g Fe <sub>2</sub> O <sub>3</sub> , 150Gs) prepared in vegetable oil in therapeutics .....	239
<b>61. Trif Mihaela, Mateizel Lidia, Mota° Cecilia</b> (București, Roumania): Transdermal delivery of copper acetylsalicylate included in liposomes .....	243
<b>62. Vettori Carmen, Popa I., Urtilă Rodica, Berinde Liliana</b> (Timișoara, Roumania) : Magnesium and the convulsive syndrom in children .....	247
<b>63. Borozan S., Stojanovici S., Djurjic Vidosava</b> (Belgrade, Yugoslavia): The influence of selenium on the erythrocyte metabolism in rats exposed to toluen. I. Synthesis of unusual hemoglobin modifications .....	249
<b>64. Borozan S., Stojanovici S., Djurjic Vidosava, Tripkovic Z.</b> (Belgrade, Yugoslavia) : The influence of selenium on the erythrocyte metabolism in rats exposed to toluene.II. Anti-oxidative response to oxidative stress .....	253
<b>65. Djujici Ivana</b> (Belgrade, Yugoslavia): Selenium and oxidative processes in vivo	257
<b>66. Avram N., Serdaru Maria, Medrea N., Tănăsescu Veronica, Leahu Carmen</b> (București, Roumania): Subclinical metabolic disorders in cattle and horses in a heavily heavy metals polluted area	261
<b>67. Belashova I., Vitte P., Dobrovolsky L.</b> (Kiev, Ukraine) : Unexpected danger of combined effect of lead and low level radiation exposures on rural workers of the Chernobyl region .....	262
<b>68. Bogdan A.T.</b> (București, Roumania): Agroecological and ecopathological	

significance of microelement content in fourages .....	263
<b>69. Burguera Maria, Burguera J.L.</b> (Merida, Venezuela): In vivo and on-line determination of cobalt in whole blood by microwave assisted mineralization and flow injection graphite furnace atomic absorption spectrometry .....	264
<b>70. Caloianu Maria, Moldovan Lucia, Oancea Anca, Palicica R., Pop I</b> (Timi <sup>o</sup> oara, Roumania): Effect of collagen-Fe <sup>3+</sup> preparate on animal organism .....	265
<b>71. Cristescu Al., Cristescu Carmen</b> (Timi <sup>o</sup> oara, Roumania): Evaluation of the immunomodulation potential of Zn in cyclophosphamide induced immunodepression .....	266
<b>72. Gherdan A., Trif Alexandra, Cristina R., Gehl J.</b> (Timi <sup>o</sup> oara, Roumania): The values of sideremy, haemathocrit and haemoglobin in piglets, after the administration of some iron injectable products .....	267
<b>73. Ghergariu S., Bale G., Muscã M., Kadar L.</b> (Cluj-Napoca, Roumania) : Epidemiological, clinical and biochemical features in bovins in area of enzootic osteomalacia .....	268
<b>74. Iovi A., Nimara Ana, Mateescu C., Martony Livia, Princz Ecaterina, Pintilie Tela, Iovi Corina, Negrea P.</b> (Timi <sup>o</sup> oara, Roumania): The influence of the microelements from complex fertilisers with microelements, on the macroelements absorption by plants... ..	269
<b>75. Laszlo Sofia, Papadopol Victoria, Palamaru Iliana, Tcaciuc Carmen, Tuchendrea Eugenia, Neculce Alexandrina, Popa Elena, Damian Otilia, Adam Cristina, Stentel Maria, Stratone Ana, Onete Rodica</b> (Ia <sup>o</sup> i, Roumania): Serum levels of magnesium, zinc, ferrum and copper in relation with health state in a group of adolescent girls .....	270
<b>76. Manolescu N., Mateescu C., Alexe S., Comi<sup>o</sup>el V.</b> (Bucure <sup>o</sup> ti, Roumania): New possibilities of studying cell modifications consecutive to the action of the pollutant factors .....	271
<b>77. Marcu A., <sup>a</sup>incai Mariana, Botãrel S., Pop Gh.</b> (Timi <sup>o</sup> oara, Roumania): Observations referring to alkaline phosphatase activity in placenta development at pigs and rodents .....	272
<b>78. Medrea N., Crãiniceanu-Bianu Elisabeta</b> (Timi <sup>o</sup> oara, Roumania) : Researches on the industrial pollution impact on horses population in the C.M. area .....	273
<b>79. Miu N., Bizo A., Nargescu M., Silaghi V.D., Sabaceag S., Margescu C.</b> (Cluj-Napoca, Roumania) : Changes in the mineral and oligoelements metabolism in the malabsorption syndrome of the child .....	274
<b>80. Miu N., Silaghi V.D., Burlac L.</b> (Cluj-Napoca, Roumania) : The implication of the magnesium defficiency in the physiopatology of renal tube .....	275
<b>81. Miu N., Slãvescu L., Figan I., Andreica M., Farca<sup>o</sup> G., Sur G., Silaghi V.D., Bizo A., Mare<sup>o</sup> V., Margescu M., <sup>a</sup>erban C.</b> (Cluj-Napoca, Roumania): The experience of the Pediatric Hospital II regarding the magnesium defficiency, in 25 years .....	276
<b>82. Miu N., Slãvescu L., Figan I., <sup>a</sup>erban C.</b> (Cluj-Napoca, Roumania) : The deficite of magnesium and bone disease in childhood .....	277
<b>83. Niculescu V., Matusz P., Cioarã Corina</b> (Timi <sup>o</sup> oara, Roumania): Some considerations regarding the mechanical structure of the subthrocatheric region .....	278
<b>84. Palamaru Iliana, Bãlan Marioara, Manca<sup>o</sup> Gabriela, Papadopol Victoria</b> (Ia <sup>o</sup> i, Roumania): Biochemical changes induced by experimental exposing to nickel .....	279

<b>85. Popa G., Copil A., Miu N.</b> (Cluj-Napoca, Roumania) : The conduct of serum copper in some malignancies in children .....	280
<b>86. Serdaru Maria, Avram N.</b> (Bucure <sup>o</sup> ti, Roumania): Blood serum, organs, tissues and feeds molybdenum colourimetric dosing .....	281
<b>87. Silaghi V.D., Burlac L., Cotîrla V., Slăvescu L., Miu N.</b> (Cluj-Napoca, Roumania): Kidney stones and magnesium deficiency in childhood .....	282
<b>88. Silaghi V.D., Miu N.</b> (Cluj-Napoca, Roumania): The therapy with magnesium, selenium and zinc in child's recurrent infection .....	283
<b>89. Silaghi V.D., Slăvescu L., Figan I., Miu N., Cotîrla V.</b> (Cluj-Napoca, Roumania): The magnesio-therapy in child's intoxication with D-vitamin .....	284
<b>90. Skalny A.</b> (Moscow, Russia) : Heavy metals in hairs of urban children .....	285
<b>91. Skalny A., Menshikova M.</b> (Moscow, Russia) : Copper in the environment and childrens' health... ..	286
<b>92. Sur G., Burlac L., Andreica A., Silaghi V.D., Bica A., Matei L., Miu N.</b> (Cluj-Napoca, Roumania): Implication of the magnesium in the atopic states of infant .....	287
<b>93. <sup>a</sup>erban V., Băcanu Gh.S., Timar R., Negri<sup>o</sup>anu Gabriela, Dabelea Dana</b> (Cluj-Napoca, Roumania): The treatment of distal symmetric polyneuropathy with magnesium sulphate .....	288
<b>94. <sup>a</sup>incai Mariana, Marcu A., Radbea G., Bolte S.</b> (Timi <sup>o</sup> oara, Roumania): Some aspects referring to alkaline phosphatase activity of leucocytes in soft bone syndrom of pigs .....	289
<b>95. <sup>a</sup>incai Mariana, Marcu A., Radbea G., Bolte S.</b> (Timi <sup>o</sup> oara, Roumania) : Alkaline phosphatase activity in the osteolytic osteosarcom and in the mammary osteogen carcinosarcom in dog .....	290
<b>96. Tomas E., Popescu Alexandrina, Ziwertz Alexandrina, Cristescu C., Tomas<sup>at</sup>.</b> : (Bucure <sup>o</sup> ti, Roumania) Studies of the mechanism of the antiviral activity of some symmetrical and asymmetrical triazine copper complexes.....	291
<b>97. Trif Alexandra, Olariu Lucia, Mop T., Curtui V.</b> (Timi <sup>o</sup> oara, Roumania): Morphoclinic, biochemic and haematologic aspects after the administration of magnetic fluids in experimental animals .....	292
<b>98. Trif Alexandra, Trif R., Coman M., Gherdan A., Curtui V.</b> (Timi <sup>o</sup> oara, Roumania) : Patergic status-consequences of iron compound intake .....	293
<b>99. Turta C.</b> (Chi <sup>o</sup> inău, Moldavia) : The antitumor, antibacterial and antiviral activity of some Cu, Co, Pd, Pt, Mn, Zn coordination compounds .....	294
<b>100. Vlad Mariana, Căseanu Elena, Uza G., Creteanu Emilia, Polinicenco C.</b> (Timi <sup>o</sup> oara, Roumania): Effect of "cuprofilin" on experimental atherosclerosis .....	295
<b>101. Zărnescu Otilia, Moldovan Lucia, Oancea Anca</b> (Bucure <sup>o</sup> ti, Roumania): Obtaining and "in vivo" ovarian uptake of a Cs-Cu <sup>2+</sup> compound .....	296
<b>102. Petrovici Iovana</b> (Belgrade, Yugoslavia) : Radiotherapy, selenium and biochemical changes in blood in young patients with malignant neoplasmas .....	297
<b>Retrospectives</b> .....	299
<b>Authors index</b> .....	307
